**Design Firm Selected for
L.A. Convention Center
Expansion & Renovation**

The design competition for the Los Angeles
Convention Center (LACC) Modernization project
has concluded. The City has selected HMC
Architects and Populous to be the design team.
Pictures of the proposed design are featured in the
[Downtown News](#).

There are several actions necessary to move the
expansion and renovation project forward including
the development of a financing plan and
implementation plan. The LACC is a very
meaningful building block within the City's larger
economic development strategy and the proposed
improvements will attract new conventions and
increase tourism.
